Re: PB 32.3  
College Street heritage listing

March 19, 2018

Harbord Village Residents' Association is thrilled to endorse the recommended listing of properties along College St. both east and west of Spadina.

We are naturally sensitive to the proposed inclusion of properties on the north side of College between Bathurst and Spadina. They fill out the heritage commercial streetscape and will conserve the business district which forms the southern border of our two Heritage Conservation Districts.

It is one thing to read a list, but consider the impact of several blocks of heritage protection, with the existing listings in black and the proposed listings in red:

This protection reinforces the Victorian main streetscape of College Street with residential above. For this, we are exceptionally grateful to Cathy Nasmith and Bob Allsopp, to James Parakh and Ran Chen, Lynda Macdonald, to Mary Macdonald and her staff, particularly Tamara Anson-Cartwright whose work on behalf of Victorian College has been extraordinary.

This was simply a great outcome where the community spoke and city staff listened, engaged, and acted.
